September 8th, 1941.

Mr. Wilfred S. B. Wong, Gen. Mgr.,
American Engineering Corporation,
989 Bubbling Well Road,
Shanghai.

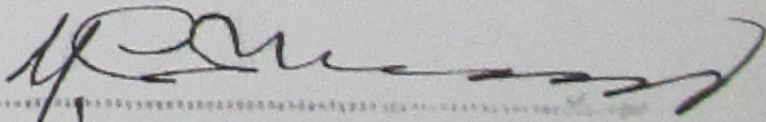

Dear Wilfred:

Acting on your assurance about the rental of the boards standing in front of your property at the corner of Bubbling Well and Moulmein Roads, we take much pleasure in informing you that our workman will start work on its painting in a few days for which a check for \$140.00 covering September's rental is herewith tendered in payment.

As per our verbal agreement, we will remove this board any time after a period of two months, when its removal is found necessary. However, should the board not interfere with your construction or should a slight removal toward the pavement during the construction be all that is necessary, you would kindly permit our board to remain and we will be glad to pay you the rental as usual.

Your kind confirmation to this understanding will be deeply appreciated,

Yours sincerely,

Y. Lewis Mason.
