Proposed International Exposition
Peiping, 1933

Dear Arnold:

In reply to your letter of August 29 on the above subject, I
The Bureau is planning to publish a Calendar of the
outstanding fairs and expositions to be held throughout
the world during 1933 similar to that published in the
February 8, 1932, issue of "Commerce Reports" covering
events for 1932.

Accordingly, it will be appreciated if you will ad-
vise me of the status of the International Exposition
proposed to be held in Peiping in 1933, about which you
wrote the Bureau last fall. If this exposition will be
held, I would like to know the dates and its relative
importance from the point of view of American participa-
tion.

Very truly yours,

Julean Arnold,
Commercial Attache,

M. H. Bletz, Chief,
Foreign Fairs Section.

Dear Bletz:

Proposed International Exposition
Peiping, 1933.

In reply to your letter of August 29 on the above subject, I may state that owing to the Sino-Japanese issue which has overshadowed many plans for advancement projects in this country, the proposed international exposition for Peiping in 1933 is in a problematic status. I doubt very much that plans will go ahead for its consummation during the coming year.

Sincerely yours,

Julean Arnold,
Commercial Attache.
