Subject: Advertising mediums for American
Products in China.

Director,
Bureau of Foreign and Domestic Commerce,
Washington.

Sir:

It is suggested that the "Journal of the
Office of the High Industrial Commissioner", Peking,
China, be brought to the attention of American manu-
facturers as a suitable medium for advertising American
products in China. We are advised by Mr. E. L. Hsieh,
Chief, Department of Publication and Translation, that
a copy of this Journal has been mailed regularly to the
United States Department of Commerce, hence you are no
doubt entirely familiar with its aims and purposes.

Very truly yours,

Julian Arnold
