L-335

To: Specialties Division
From: Commercial Attache, Shanghai
Subject: China's Progress in Advertising

I have received from the China Commercial Advertising Agency a brochure on the above subject. It contains some rather interesting information on the subject of advertising in China, which, I take it, may be found helpful to the Specialties Division. For this reason I am sending a copy for the use of the Bureau.

Julean Arnold,
Commercial Attache.
