June 24, 1926.

To: San Francisco District Office.  
From: Foodstuffs Division.  
Subject: Powdered Milk in China.

Reference is made to your letter of June 2, 1926, asking for information regarding powdered milk in China for the use of the Golden State Milk Products Company.

I have had made a very careful search of our files and I find that the material has never been returned to us. As I wrote you some time ago, it was forwarded to our New York Office for their use but, according to their records, it was returned to us. They have also searched for the material and it appears that it has been lost in transit.

I will endeavor to obtain from our general files copies of any reports which may be of value. If they cannot be obtained, we shall make a request of the China Office for information.
