To: Hongkong Office, to your possession of the 12th, as per
received by you from the Bureau, for
from Shanghai Office, as received.

Dear Christopherson,

"China Through The American Window".

Referring to your letter of January 21, reference 0683, I wish to state that our supply of the above named pamphlet is somewhat depleted and as Mr. Arnold will arrive in Mukden about the same time this letter does, we would rather wait until you have had opportunity to discuss the matter with him before sending you further copies.

I have on hand 50 cents Mex. trans. in Chinese stamps for that pamphlet you sent them at their request. I explained to Mr. O'Hare, that 50 cents Mex. was not the same amount in Hongkong currency, but the difference is so little that perhaps I can use it to purchase something of the same sort for 50 cents, in that way making up the difference. H. D. Robison it as H. D. Robison Trade Commissioner as we transmitting such a small amount, do you think?
