DENTAL PREPARATIONS - CHINA

INDEXED 236.4
FILE No. China

April 27, 1932.

In reply refer to 28h. *China*

To: Hong Kong Office. (For Asst. Trade Commissioner David M. Maynard.)
From: Chemical Division.
Subject: American tooth paste favored in China.

We were very glad to receive your brief but excellent note of March 10 on the business done in toothpaste in South China. The substance of this report was published in the April 25 issue of "World Trade Notes on Chemicals and Allied Products", a copy of which is inclosed. This type of brief, compact, and yet specific information on one group of commodities is just what we like to have for this weekly bulletin of the Chemical Division. You will be interested to know, I am sure, that over 1,000 firms interested in drug and toilet preparations have been listed, at their request, on our "Exporters Index" to receive this bulletin, so that any news you can send us will get widespread publicity to the trade.

T. W. Delahanty,
Acting Chief, Chemical Division.

Forwarded:

W. L. Miller,
Chief, Foreign Service Division.

Inclosure 99631.
