Mrs. Macbeth Receives Letters From Friends

Mrs. James Macbeth, who has many friends now on vacation, tells of receiving letters from those who are away from Shanghai. Though the Macbeths are staying at home at present, they plan leaving for a month's vacation in Japan about the end of the month.

Mrs. Macbeth received a letter from Mrs. A. M. Harris in Tsingtao, who speaks of the gloriously fine weather experienced there, and also of the beauty contest, which took place last week at Edgewater Mansions, at which her son, Mr. E. P. Harris, acted as one of the judges.

Another interesting letter is received from Mrs. Thomas Gwynne, who with Mr. Gwynne, sailed on June 22 for a year of travel around the world on m.s. Tai Ping Yang.

The letter was written on July 13, the night before the Gwynnes arrived in San Francisco, from whence they go to New York by boat. They will spend a few weeks in Canada with Mrs. Gwynne's sister and continue to London. They intend, however, to return to Canada for the Christmas holidays.

Mrs. Gwynne writes of a lovely and leisurely sea voyage, with the Captain, his crew and the other passengers all kind and friendly like a family. Though Mr. Gwynne was ill with malaria through the whole voyage, Mrs. Gwynne said that he was fast recovering. They will not have to give up their complete sea voyage for a trip across the continent, now that Mr. Gwynne is on his way to recovery.
